

Centro di Restauro Archeologico

Il letto di Amplero

Un lavoro di squadra

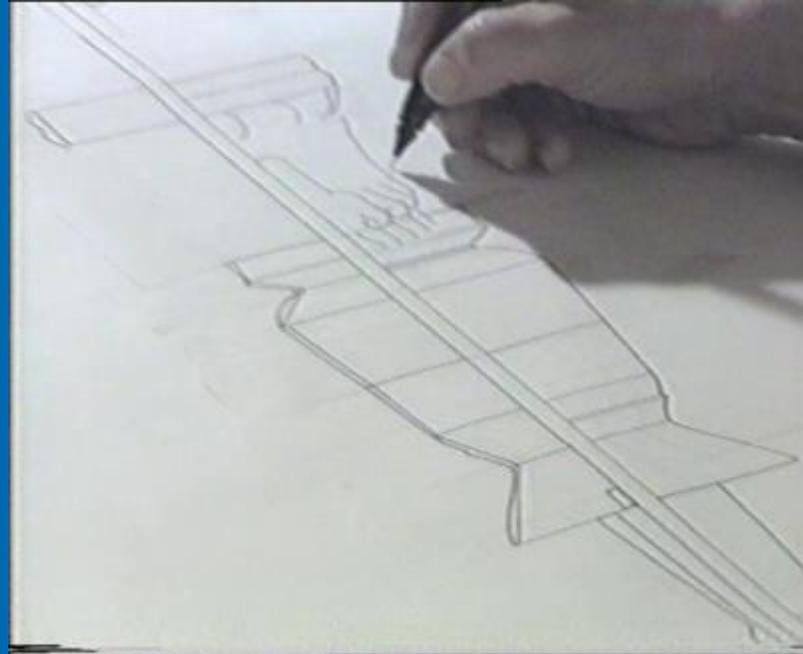

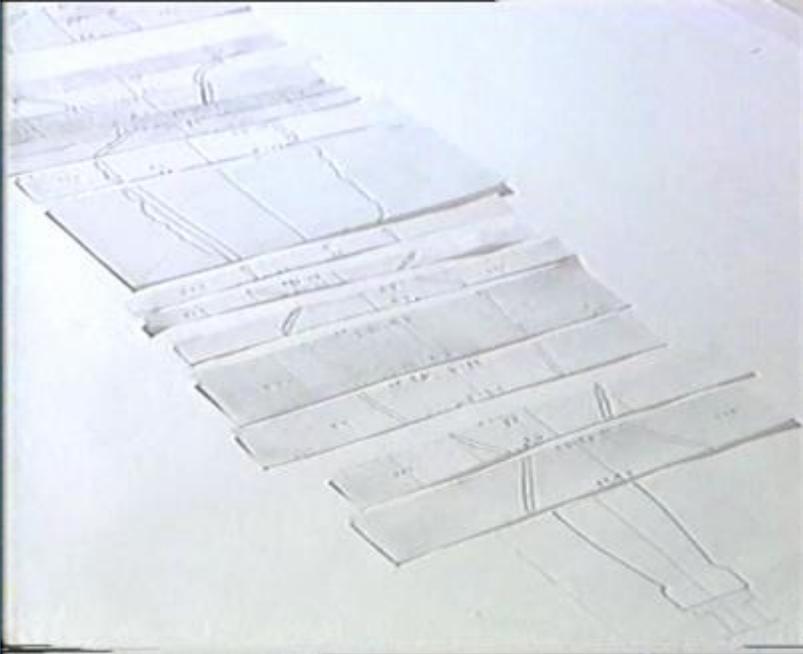

A cura di
Miccio Marcello

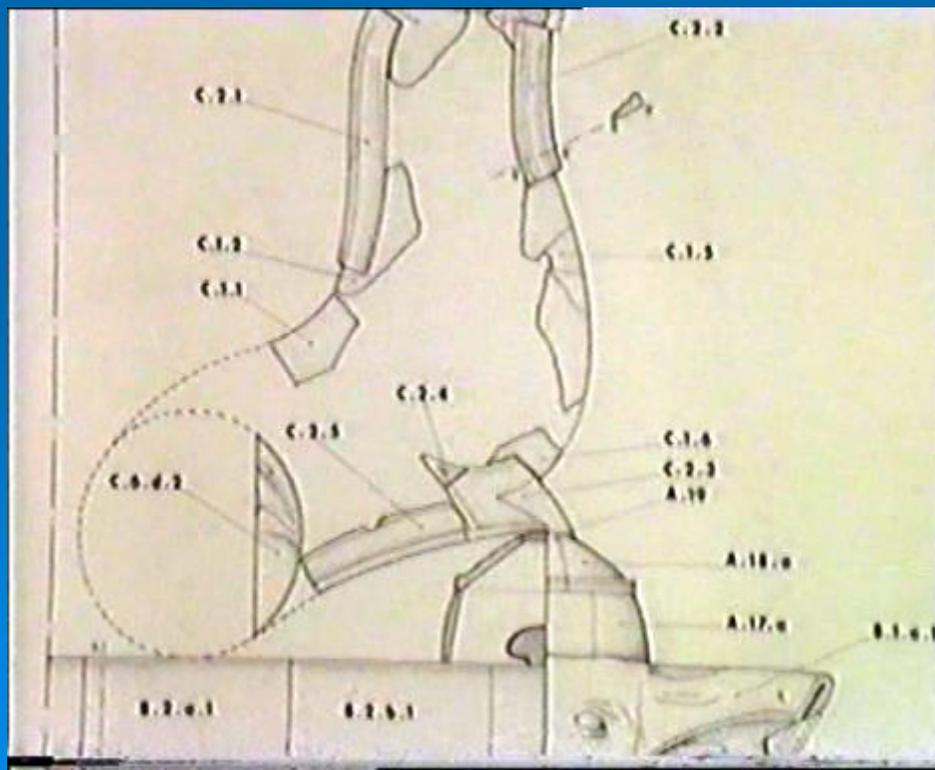

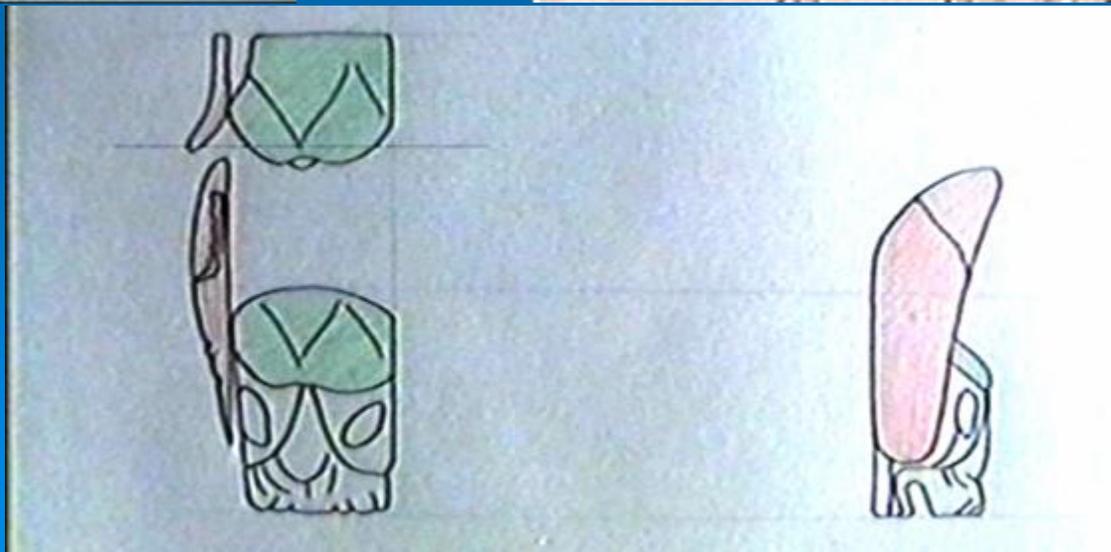

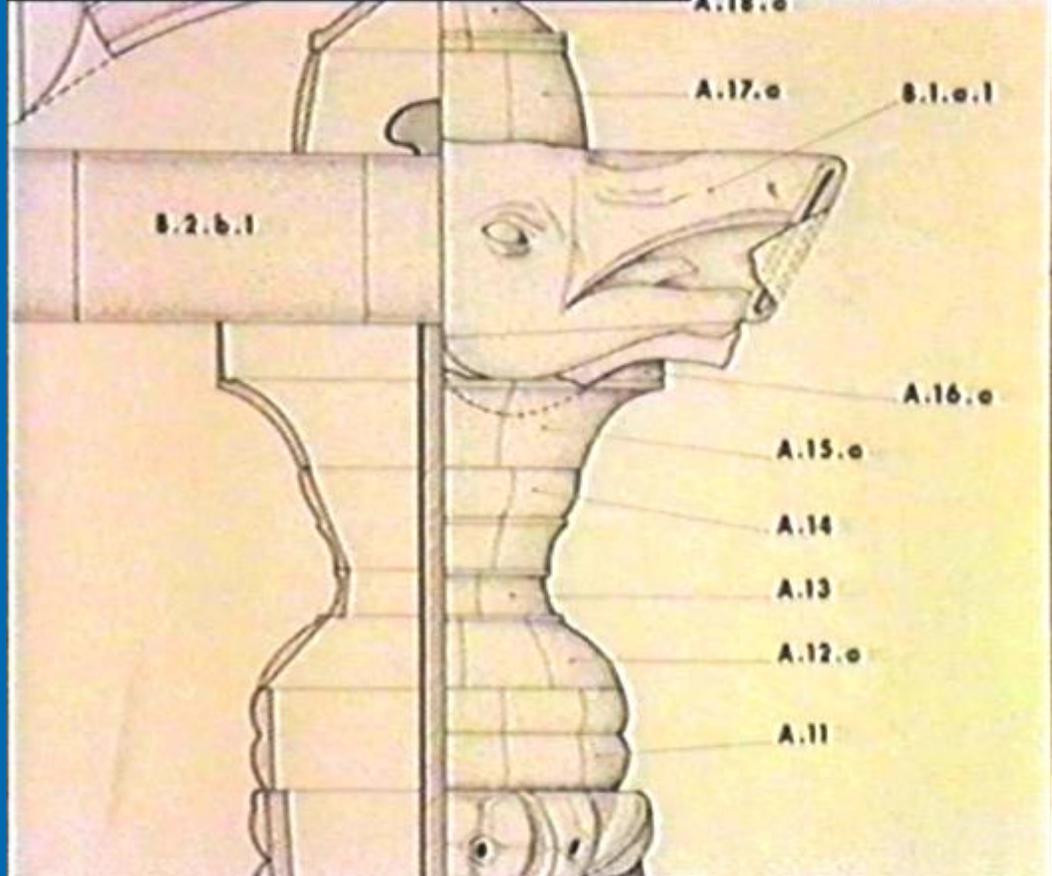

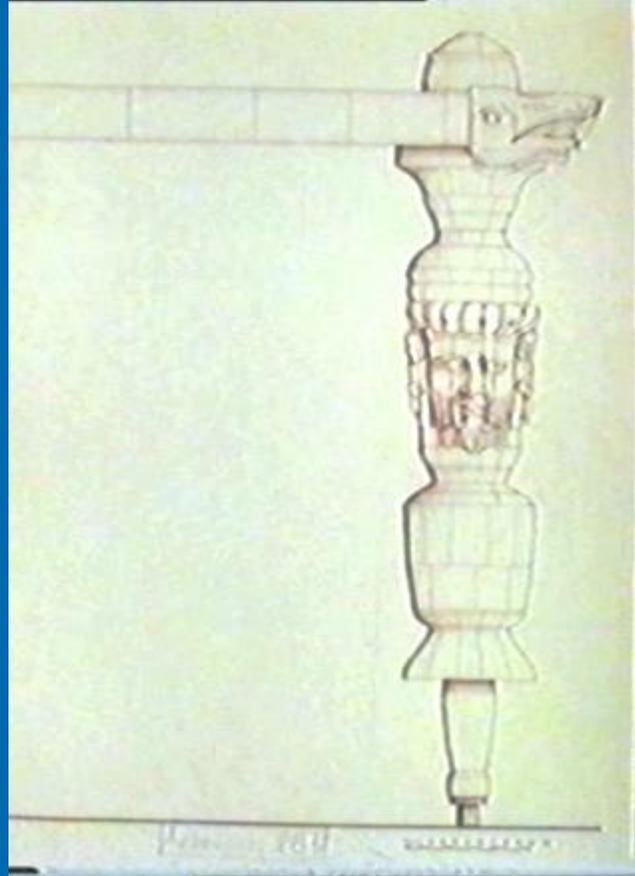

Centinaia di frammenti

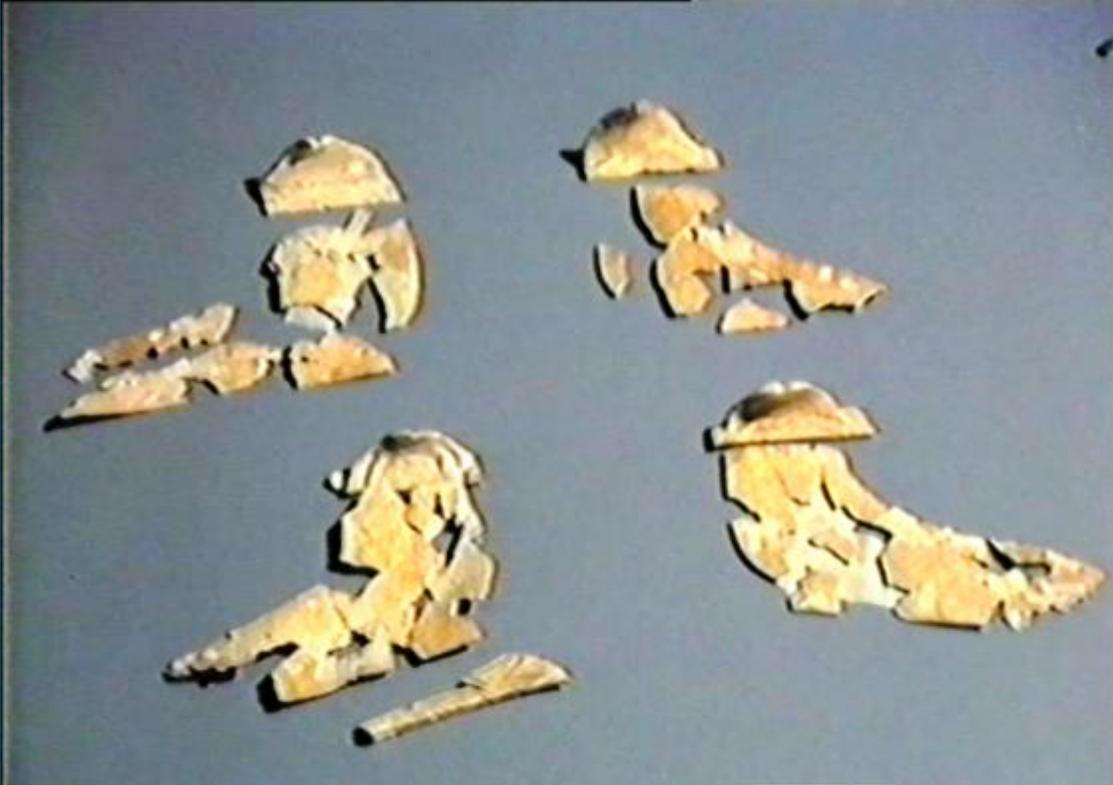

Ricostruzione
grafica

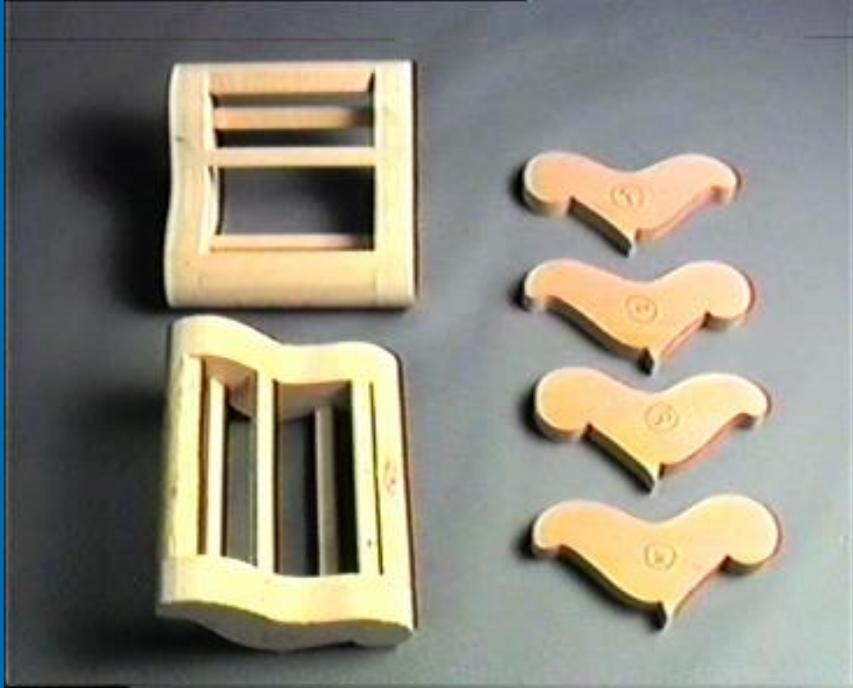

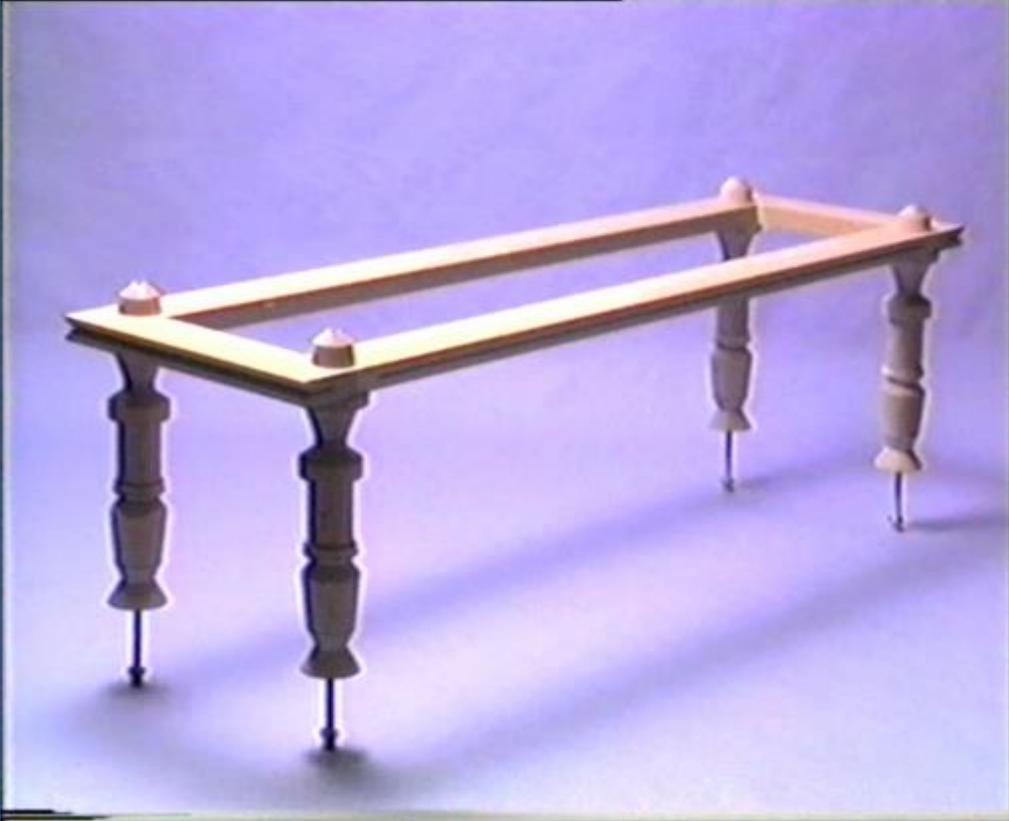

Collaborazione
restauratore,
disegnatore e
archeologo

Incollaggio e integrazione con prodotti creati e testati dai chimici

Struttura
costruita dai
falegnami su
precise
indicazioni
tecniche

I pellettieri hanno ricoperto in pelle i cuscini e creato la rete con strisce intrecciate tra loro
